

CELEBRATING THE 4TH

Big shout out!

Thank you to those who participated in the patriotic outfit contest and trivia. We had a blast getting everything set up and seeing those outfits! Winners will be in the August Newsletter. We enjoy showing our appreciation to our employees and our country. Hope everyone enjoyed the popcorn and sweets.

Safety Excellence Award

Fiber Box Association Awards

What a proud day at Triumph and TVC! We received awards for both sides of the house. Triumph with the Safety Excellence Award means no lost time recordable. TVC the Perfect Plant Award meaning no recordables period. We strive to make this a safe workplace with huge help from the Safety Committee being the backbone of our safety culture here. We did this as a team and can continue to push in the right direction. Big thanks to the team for such an incredible achievement.

IT'S HOT! Here is what we are doing to improve conditions.

Triumph has a lot of projects going on at the moment to help reduce the heat. Something that provided immediate relief on the wetend is the new misting fan. David Bradford was testing it out, and with his approval, it is a success!

The sheetline is also getting an upgrade with an expansion on the air handling unit tied into the heat transfer. This will provide cooler air movement over the sheetline. ETA is about 2 weeks for completion.

We have signup sheets in the break room for camel packs, and mini belt fans have also been distributed for trial.

Mark Hall

Hey everyone, I'm Mark. I wanted you guys to get to know a little about me. I was born in Pensacola, FL, but I grew up in Athens, TN. and I now reside in Ringgold, GA. I've been married for seven years now and we have five kids and one grandchild between two of us. I'm a huge sports fan and I love dogs. I have two fur babies and they're treated just like my children. I love to go to sporting events and concerts and enjoy traveling on my vacations. I have a quote that I've always tried to live by and that is "I strive every day to be a better person than I was yesterday". I enjoy meeting and talking with people, so if you see me around, don't hesitate to talk.

Dan Wheeler

Born and mostly raised in WI. Started my corrugated journey in 2008 at Independence and also worked for Northstar Sheets before moving to Tennessee and working here at Triumph Sheets.

Motto: Be thankful every day, tomorrow is not promised!

Who is in the S.T.U.D Program and what does that mean for us?

Before we jump into who is in the S.T.U.D program we must explain what that means. S.T.U.D stands for Supervisor Training Under Development, Triumph is always looking to promote within and develop team members who have raised their hands and committed to an extensive two-year training development plan. Along with this plan, these Individuals have coaches to help guide and challenge them along the way. We are excited to see what they can do and possibly pave the way to a training plan for the rest of the plants.

Below are our own employees who have blown us away with their profound commitment to our core values Competitive, Hardworking, Can Do-Attitude, Teamwork, and Trustworthiness -CHATT.

Jackson Holmes

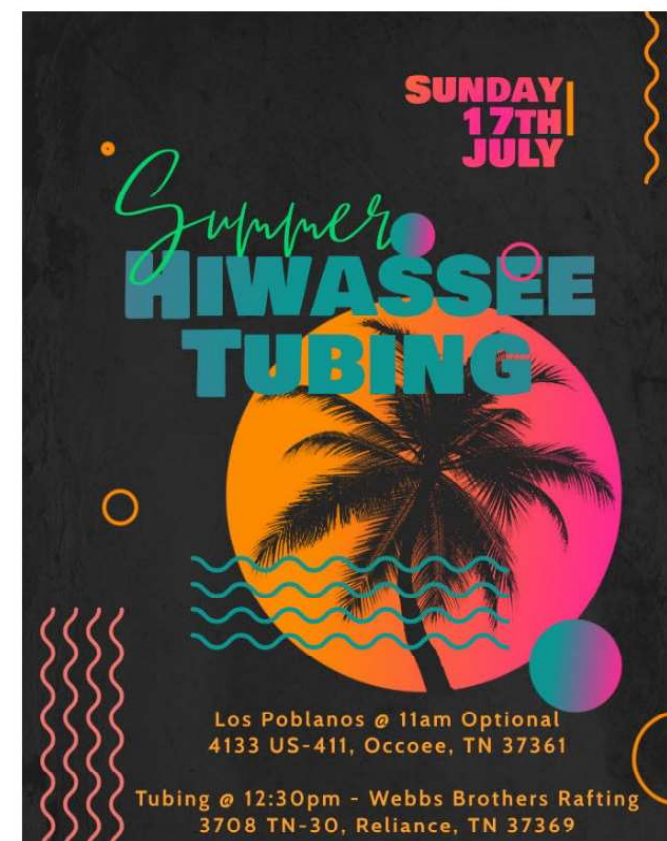

My name is Jackson Holmes and I've been with Triumph Sheets for almost two years. On my off days I spend every minute with my two babies and my wife of three years. My favorite thing about working for Triumph is the culture of friendly and helpful people, it truly feels like family. Whether it's inside the plant walls or out, you can guarantee you'll have help on the way.

Eugene Brand

As most of you guys know my name is Eugene Brand and I'm super excited for this opportunity to grow with this company. July will be my fifth year working with Schwarz, and it's crazy to see where I am now. I'm hungry to show my passion for my job, and I'm ready to learn the leadership skills it takes for the team to win. It's clear safety is major in this plant, and as the former chairman of the safety committee, I take a lot of pride in how everyone truly cares about not getting anyone hurt. I truly believe we have the people to hit numbers no one has ever seen, and I'm happy I get to be a part of it.

Upcoming Events

You're Invited!

We have a lot going on. Here are the most recent upcoming events to mark on your calendar. We will need head counts, so please make sure you see the right team to get signed up.

Hope to see everyone there!
