

Hazrec

Safety, Quality, Speed is our Moto!

WHAT IS HAZREC?

Hazrec is a highly beneficial hazard recognition program to help us ensure we are providing our employees the safest possible workplace.

Over the last year we have challenged our supervisors and employees to come up with ideas that help eliminate hazards around the plant. We have an over all plant goal to reduce our base number down 25%.

“

The last thing we want to do, is recognize a problem and not fix it. We strive to be the safest plant around.

WHAT WE ARE DOING....

With five main areas of focus including but not limited to Shipping, Roll-room, WetEnd, Sheetline, and Hogger areas. These areas have been defined into three categories tasks, hazards, and solutions. Our mission is simple we are identifying hazards and making them better. Stay posted on the improvement areas in the upcoming newsletters! If you have ideas let us know. We would love to hear them.

Goal

We are looking to reduce our overall score 25% within the next 6 months.

Who's Involved?

Everyone who is an employee of Triumph Sheets or Tennessee Valley Converting is involved in the program.

What is in it for me?

It is no secret we have been known for breaking records and celebrating our team with a job well done. We are looking to celebrate once our goal is met! Let us know if you have an idea.

TRIUMPH SHEETS NEWSLETTER

Tubing the Hiwassee

Started off with lunch at El Maguey and finished with a three-hour float down the Hiwassee. It could not have been a better day for tubing. Thanks to everyone and their families for a memorable Sunday. If you were not able to catch us at this event there will be plenty coming up over the next few months. We hope to see you there!

AND GOOD TIMES
Just Floatin'

North Lee Elementary School Community Volunteer Project

Putting our community first.

What a turnout for the volunteer event at North Lee Elementary School. Big thanks to the Retention team for getting us involved in the community and helping us give back. If you would like to view the pictures from that day they will be posted on the Marlin system in the breakroom.
