I came, I saw, I kicked butt, Dily Dily HouseCat

FANTASY FOOTBALL WINNER

Adam Creighton - C Shift Shipping is this year's fantasy football winner! Prize of $500 and his name on the trophy to show off.

Our second-place winner is Mike Rottgen Quality Manager winning $300.

We really appreciate everyone putting forth the time and effort to get your lineups in order each week and really making this a fun activity for us. Looking forward to the next season!

MARCH MADNESS

Looking for an opportunity to win? The Retention Team is hosting another March Madness playoff. If you would like to get in on the opportunity, check in with Todd or anyone from the Retention Team drafting will start soon!

MISSION
Accomplished ✔

Hazrec is far from being completed, but we have successfully reached our first milestone of a 25% reduction in score. This is a massive accomplishment in ensuring we strive to keep a safe and clean workplace. This would not be possible without the help of every person on each shift.

With that being said we will be enjoying Todd's delicious steaks on his new Triumph Sheets grill!

Way to go team!

Ongoing Projects

Group Project:
Task: Peeling at prep stations while clamp trucks are in the area.
Solution:?

Mark:
Task: Position roll-on belts using roll pushers
Solution: We have added flags to the roll pushers to help with visibility. We will try this out for two weeks before making it permanent.

Josh:
Task: Fill/replace dunnage on dunnage racks. (Middle and Bottom)
Solution: Dan and Mark asked about making a separate dunnage rack area for the top and bottom to help relieve someone from walking back and forth.

Aleks:
Task: Threading web through the triple stack
Solution: After further review, this is a training issue. One-point lessons will be signed off on for each shift.

Eugene:
Task: Changing out strapping on banders.
Solution: The pallet jack is here; custom craft designs the platform for the pallet jack. ETA- 3 Weeks

Task: Cutting Quality on Sheetline
Solution: Added a quality table to the bottom stacker area to help contain quality cutting and sampling in this area.

Donnell:
Task: Walking on sheetline conveyor
Solution:?

John Jenner
Task: Pedestrian and forklift traffic, on the dock floor and walking to the office.
Solution: SafeT light is here along with the railing. They are getting lasers to help with guided walking to the office.

We have made it!

Let's get the inside scoop on how some of our recent new hires are doing and what helped them be successful within their first 90 days. We strive to keep good employees who follow our core values. It is always beneficial to have both good feedback and feedback on what we need to improve.

C.H.A.T.T

JORDAN PIERCE

What was the best part about your training?
What I liked most about my training is that no matter who was training me, they were all so patient with me and explained things to me until I understood. I didn't feel rushed to learn my job they all made sure I was comfortable with doing something before I was left to complete tasks alone.

What's it like working for triumph sheets so far?
Working for triumph sheets so has changed my way of life. I work in an upbeat work environment while spending a lot more time with my family and still being able to provide for them.

What is your reason for working safely?
The reason I'm safe at work is that I want to make it back home to my family, to clock out the same way I clocked in.

What can we do to make training more comfortable?
I feel I was comfortable as possible during my time training. I always had someone with me to make me feel comfortable. But it would help a lot if I had a better headset to communicate with my coworkers.

What was the best part about your training?
The ins and outs of safety and how the plant got started and the structure.

What could we do to make training more comfortable?
It was pretty comfortable from the start, my safety manager did a great job of explaining everything.
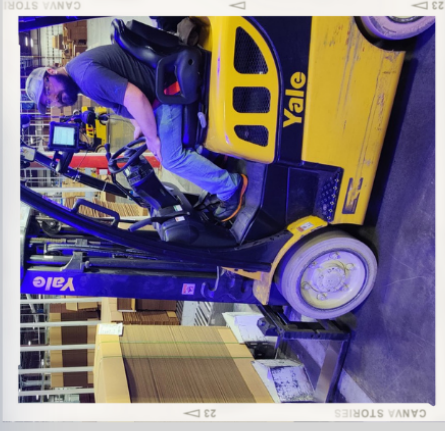

What is your reason for working safely?
My family and the family I have here. We are all a family here and want to work safely for each other, it's like driving, you know you want to be safe for yourself and others around you.

ERICK KEITH

JANUARY SAFETY SUPERHERO'S!

How does it feel to be the safety superhero?
- It's an honor.

What do you like about being a safety superhero?
- Shirt. Gift card. Parking spot.

~Nick Aaron

What does it mean to you to be a safety superhero?
- It feels good and it is nice to know that I work for a company where safety is such an important thing.

My favorite thing about being Safety Superhero.
- Best part is to know I will be able to go home at the end of the day just as healthy as I was when I came in.

~Shane Woolridge

What does it mean to you to be a safety superhero?
- Safety Superhero to me means protecting the people I work with so they can return home safely to the people they love and care about because I know that to me that is the most important thing.

My favorite thing about being Safety Superhero,
- Is knowing there is a healthy safety culture encouraging people to not only stay safe for themselves but to help others as well.

~Jackson Holmes

What does it mean to you to be the safety super hero?
- Means I'm doing something right, and to be a safety super hero for two months in a row I feel like I'm doing something right to become a safety super hero every single day.

What's the best part about being a safety super hero?
- The gift card is the best part to me.

~ David Bradford
