

# Spring Event

## NATIONAL SAFETY AND HEALTH DAY

As we enter into spring, we have new things coming up starting with our World Safety and Health Day!

Each year Triumph celebrates World National Safety and Health Day. With the last two successful events, we are pleased to host a 3rd! Farm to Fork will cater lunches for Triumph sheets and TVC employees. Safety Day T-Shirts will be passed out and designed by our very own Cayla Dillon on C Shift Sheetline.

We have also challenged our supervisors to participate in the three in 30day challenge. They will pick 3 Safety related activities and help get their team involved.

## DID YOU KNOW APRIL IS ALSO NATIONAL KITE MONTH?

It is a month to celebrate the joy and happiness that comes from letting out the line, letting your kite catch the wind, and letting that kite soar high into the sky.

In 2022, more adults flew kites than kids.

# April Safety Superheroes

Mason

It means that I'm doing the right thing by putting safety first. If I can do my part and help set an example maybe it'll help other people wanna work safe as well. If we all work safe then we can all go home back to our families the way we came in.

David White

How does it feel to be a safety superhero? I enjoy the \$25 dollar gift card but want my parking spot.

What do you like about being a safety superhero? T-shirt and gift card.

Matt Stanford

It should be something everyone should do naturally but being rewarded is a good push.

What do you like about safety superheroes? The perks that come with it

Coty

Being able to help others stay safe and myself. Safety superhero means that I can help my team and my family to stay safe on the daily. I pride myself in staying safe and take pride in safety. Safety means I can lead by example and help others stay safe.
