Day of Action

Thanks to the Retention Team for putting together the Day of Action. Blyth Elementary School sure appreciates the incredible job you did. Thank you to all who volunteered on July 28th.

We look forward to a bigger group next year. Be on the lookout for other opportunities to support the Retention Team, as they have a lot planned here and in the community.

Welcome the New Safety Committee Chairmen's!

Aleks Nikiforyan, D Shift Supervisor

Aleks started with us in July of 2022. Since then, he has brought some excellent ideas to the table and we are excited to see him run, not on his shift, but the C & D shift safety committee. Helping to ensure our safety message is shared across the Blue team.

Jackson Holmes, B Shift Supervisor

Jackson has been with us over three years starting as a Wetend operator and has worked his way up to a Supervisor. We are grateful to have someone who is as dedicated as Jackson to help run the A & B shift safety committee. We look forward to a new year with fresh ideas!

FANTASY

FOOTBALL

Monterrey Mexican
3055 Kieth Street NW
Cleveland, TN 37312

Draft starts @ 4pm
August 27th, 2023

SUNDAY FUNDAY

Looking for something to do or love being a part of a team? It is that time of year again; Fantasy Football is here!

We will be setting up at Monterrey's Mexican Restaurant. Those who will be drafting need to be there by 4 pm. This is a plus-one event.

Convergence

This month we are focusing on Hearing Conservation. Our annual hearing truck is scheduled to come out on August 23rd and 24th.

What did you say?

Deafness and hearing loss are widespread and found in every region and country. Currently, more than 1.5 billion people (nearly 20% of the global population) live with hearing loss; 430 million of them have disabling hearing loss. It is expected that by 2050, there could be over 700 million people with disabling hearing loss. Who, 2023, <https://www.who.int/news-room/fact-sheets/detail/deafness-and-hearing-loss>, August 2nd, 2023.

At Triumph / TVC we use earmuffs with built-in radios to help suppress the noise from the work environment. We are constantly looking for ways to improve our efforts and stay proactive. Each year we monitor our employees for STS to ensure they are properly protected.

Currently, we are searching for a better option for hearing protection; something lightweight with adequate hearing protection. Stay tuned in as we will have more facts regarding hearing conservation in the breakroom throughout the month.
